

## **QUALITY MANAGEMENT SYSTEM QUALITY POLICY**

Dedicated Systems Australia is a leading supplier of Embedded System Software, Firmware and Hardware in Australia and New Zealand.

We represent world class companies within the real-time embedded computing markets to bring high quality products to our customers in industries including defence, aerospace, homeland security, rail, communication, medical and industrial.

Through our core values we strive to:

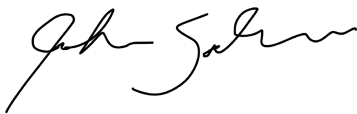

- 1) Build a great place
- 2) Create wonderful customer relationships
- 3) Reward good suppliers
- 4) Do cool stuff

We are committed to:

- Meeting or exceeding customer expectations
- Complying with the latest requirements of ISO 9001, relevant Australian and international standards, and all other applicable requirements
- Continually improving the effectiveness of our quality management system
- Ensuring that this policy statement is communicated and understood throughout the organisation, is available to our stakeholders via our website and on demand, and is kept under review.

We have established a set of quality objectives to focus our implementation of this policy and drive improvement.
